SafeGuard SecureBack: At a Glance

The SafeGuard SecureBack security case and the ClickSafe lock offer a strong, yet thin, three-piece construction to protect your tablet. The built-in security anchor and one-click locking mechanism secure your tablet from theft whilst allowing the operator to use the device as a hand-held, offering a greater flexibility of use. The SpacePole mount offers optimal typing and viewing in two positions – portrait or landscape.

Key features

- Strong, yet thin, three-piece construction
- Built-in security anchor and ClickSafe locks secure the tablet from theft
